

# Trinity Episcopal School

Come and See... Stay and learn!

January 3, 2022

Dear Trinity Parents:

I am so excited to let you know about a very generous donation that was made to our school allowing us to continue to offer a small need-based scholarship fund. As the funds are limited, there will be several requirements for applications made for the 2022/2023 Academic Year. Although any family may apply, priority will be given to families that meet the following guidelines:

- Have at least one child currently enrolled at Trinity Episcopal School for the **2021/2022** Academic Year (current families),
- Will have one or more children attending Trinity for the **2022/2023** Academic Year and,
- Are in good financial standing with Trinity Episcopal School

**Or**

- A **current parishioner** in good standing at Trinity Episcopal Church

The application process will be similar to that of most of the other local private schools. Families will submit an online application to a grant and aid entity that will analyze the financial need of the applicants and submit a report of need back to Trinity, where a financial aid committee will make the final awards based on the reports sent to us. Trinity will be working with the online agency FACTS Grant & Aid Assessment for the application process. FACTS is one of the largest financial-aid management agencies and is used by many of our sister schools in the Southwest Association of Episcopal Schools and the National Association of Episcopal Schools. Additionally, they are used locally by Southwest Christian School.

Financial aid applicants will still be required to pay the annual registration (\$200) and supply fees (\$200) and financial aid will not be applied to before care, Stay & Play, enrichment classes, Mother's Day Out, or other programs. Financial aid awards will only be applied for tuition for the academic year and will only be awarded to accounts that are kept current. Financial aid awards will not exceed 50%.

There will be a short application period from January 15<sup>th</sup> to April 1, 2022 with award decisions being made shortly after. Please be aware of this application deadline which requires that your family's 2021 taxes be completed before you can submit an application. Families that are interested in learning more about the application process should contact the school office.

Sincerely,

Melissa Pannell, Director  
Trinity Episcopal School
